BRIEF BIO

I, Dr. Jitendra Kumar serve as an Assistant Professor at an institution of national importance, India (Maulana Azad National Institute of Technology Bhopal, India), within the Department of Mathematics, Bioinformatics, and Computer Applications. My academic journey includes a Ph.D. from the National Institute of Technology, Kurukshetra, and prior experience as an Assistant Professor at the National Institute of Technology, Tiruchirappalli. My research interests include machine learning, computational intelligence, predictive analytics, and cloud computing.

A significant portion of my work addresses the challenges of workload forecasting in cloud data centers. Accurate workload prediction is vital for efficient resource management, ensuring that computational resources are allocated optimally to meet demand without over-provisioning. One of my work explored the integration of artificial neural networks with adaptive differential evolution techniques. This hybrid approach aimed to improve the accuracy of workload predictions by combining the learning capabilities of neural networks with the optimization strength of evolutionary algorithms. The resulting model exhibited enhanced performance in forecasting dynamic workloads, contributing to more responsive and efficient cloud resource management. I also proposed an ensemble learning-based predictive framework that integrates multiple machine learning models to forecast VM resource requests. This ensemble approach leverages the strengths of individual models, resulting in more robust and accurate predictions, which are critical for maintaining the performance and reliability of cloud services. My research also delves into the optimization of virtual machine (VM) placement within cloud data centers. Efficient VM placement is crucial for maximizing resource utilization and minimizing operational costs. He developed a secure and multi-objective VM placement framework that considers factors such as security requirements, resource constraints, and energy efficiency. This comprehensive approach ensures that VMs are allocated in a manner that balances performance with security considerations, thereby enhancing the overall reliability of cloud services.

Beyond research endeavors, I am actively involved in the academic community. I have published a significant number of research articles published in reputable journals and conferences, contributing to the advancement of knowledge in my areas of expertise. My collaborations with other scholars have led to interdisciplinary research that addresses complex challenges in cloud computing and machine learning. My work has received significant citations, reflecting the impact and relevance of my contributions to the fields of machine learning and cloud computing. This recognition underscores the importance of my research in addressing real-world challenges and advancing technological innovation.

To summarize, my research portfolio showcases a commitment to advancing the fields of machine learning, cloud computing, and predictive analytics. The proposed approaches to workload forecasting, resource optimization, and adaptive learning have contributed to more efficient and secure cloud data center operations.

POSITIONS HELD

- MAULANA AZAD NATIONAL INSTITUTE OF TECHNOLOGY BHOPAL, INDIA May 1, 2024 - Present
Assistant Professor
 - ◊ Teaching: Neural Networks, Computer Architecture, and Computer Architecture & System Software.
 - ◊ Administration: Time Table Coordinator, Exam Coordinator, Department Academic Committee Co-Coordinator, Audit Verification Officer, Department Social Media Coordinator, Anti Ragging Committee Member.
- NATIONAL INSTITUTE OF TECHNOLOGY TIRUCHIRAPPALLI, INDIA May 28, 2020 - April 30, 2024
Assistant Professor
 - ◊ Teaching: Data Analytics, Big Data Analytics, Introduction to Programming, and Object Oriented Analysis and Design.
 - ◊ Administration: Performance Analysis Committee Chairman, NBA Accreditation Committee Co-coordinator (MCA), Syllabus Revision Committee Co-coordinator (MCA), Coordinator Web Development, Institutional Development & Alumni Relations Data Coordinator (CA Department), Verification Officer NIMCET-2021, Accommodation & Space Allocation Committee.
- GLA UNIVERSITY MATHURA, INDIA July 15, 2019 - May 9, 2020
Assistant Professor
 - ◊ Teaching: Introduction to Machine Learning, Design and Analysis of Algorithms, Cloud Computing, and Computer Organization.
 - ◊ Administration: Student Performance Monitoring Committee Member.
- GALGOTIAS UNIVERSITY, GREATER NOIDA, INDIA April 1, 2014 - Oct 25, 2015
Assistant Professor
 - ◊ Teaching: Computer Programming & Problem Solving, Computer Graphics, and Universal Human Values & Ethics.
 - ◊ Administration: Time Table, Result & Analysis, Anti Ragging Coordinator.
- DAYALBAGH EDUCATIONAL INSTITUTE, AGRA, INDIA Nov 11, 2013 - March 31, 2014
Software Engineer
 - ◊ Assisted in developing the Online Admission System (<https://www.dei.ac.in/dei/admission/>).

EDUCATION

- DOCTOR OF PHILOSOPHY Oct 2015 - Feb 2020
National Institute of Technology Kurukshetra, India
 - ◊ Awarded Visvesvaraya PhD Scheme Fellowship by the Ministry of Electronics & Information Technology, Govt. of India.
- MASTER OF TECHNOLOGY July 2011 - May 2013
Dayalbagh Educational Institute, Agra, India
 - ◊ Awarded Graduate Aptitude Test Engineering (GATE) Fellowship by the Ministry of Human Resource & Development, Govt. of India.
- MASTER OF SCIENCE July 2009 - Dec 2010
Dayalbagh Educational Institute, Agra, India
 - ◊ Recipient of the *Director Medal* for outstanding performance (First Rank) in the MSc Examination 2011.

GRANTS

- Forecasting and Management of Cloud Workloads using Quantum Evolutionary Algorithm
Funding Agency: National Institute of Technology Tiruchirappalli, India Completed
Role: Principal Investigator Budget: ₹ 500000
- Explaining Gender Gaps in Technology Creation: Evidence from the Indian Innovation System
Funding Agency: Indian Institute of Technology Indore, India Ongoing
Role: Co-Principal Investigator Budget: ₹ 400000

PUBLICATIONS

Books

STUDENT SUPERVISION

	Ph.D.	Masters[†]	Undergraduates	Internships	Total
Ongoing	6	3/3/0	2	0	14
Completed	1	5/44/7	0	5	62

[†] Includes M.Tech./M.Sc./MCA

AWARDS & RECOGNITIONS

1. Best Paper Presentation Award [2025]
2025 International Conference on Recent Trends in Image Processing and Pattern Recognition (RTIP2R), IIIT Bhopal, India (Co-authored Paper)
2. Best PhD Thesis Award [2023]
2023 International Conference on Recent Trends in Image Processing and Pattern Recognition (RTIP2R), University of Derby, United Kingdom
3. Best Paper Award [2019]
2019 International Conference on Smart Computing & Communication (ICSCC), Curtin University, Malaysia
4. Best Paper Award [2016]
2016 International Conference on Eco-friendly Computing & Communication Systems (ICECCS), MANIT Bhopal, India
5. Visvesvaraya PhD Scheme Fellowship [October 2015 - July 2019]
Ministry of Electronics & Information Technology, Government of India
6. GATE Fellowship [July 2011 - May 2013]
Ministry of Human Resource Development, Government of India
7. Director's Medal [2011]
M.Sc. Examination 2011, Dayalbagh Educational Institute, Agra, India

TALKS & PRESENTATIONS

1. Emerging Research Opportunities and Practical Applications in Machine Learning
Dayalbagh Educational Institute, Agra, India [March 19, 2026]
2. Predictive Data Analysis and Intelligent System Design
Dayalbagh Educational Institute, Agra, India [August 11, 2025]
3. Neural Networks and Forecasting
Indian Institute of Information Technology & Management, Gwalior, India [May 6, 2025]
4. Education and Artificial Intelligence
Mahatma Hansraj Malaviya Mission Teacher Training Centre (MH-MMTTC), Hansraj College, University of Delhi [December 28, 2024]
5. Revolutionizing Education through Artificial Intelligence
Hansraj College, University of Delhi [July 7, 2023]
6. Machine Learning in the Air: Today and Tomorrow
VIT Vellore [May 9, 2023]

7. Neural Networks for Predictive Modelling
VIT Chennai [March 16, 2023]
8. Presenting Scientific Data: Plots, Postscripts, and PDF Graphics in $\text{\LaTeX}$
NIT Kurukshetra [March 15, 2022]
9. Quantum Evolutionary Neural Network: Bio-inspired computing and quantum principles
ABESIT College of Engineering, Ghaziabad, Uttar Pradesh, India [November 25, 2021]
10. Research Writing and Document Preparation using $\text{\LaTeX}$
NIT Kurukshetra [August 2021]
11. Evolutionary Neural Networks
PSNA College of Engineering & Technology, Dindigul, Tamil Nadu, India [January 14, 2021]
12. Plots & Figures in $\text{\LaTeX}$
ABESIT College of Engineering, Ghaziabad, Uttar Pradesh, India [February 11, 2021]
13. Machine Learning: Today and Tomorrow
Gulzar Group of Institutes, Ludhiana, Punjab, India [October 6, 2020]
14. A Residual Learning Approach Towards the Diagnosis of Colorectal Disease Effectively
2023 International Conference on Recent Trends in Image Processing and Pattern Recognition (RTIP2R)
University of Derby, United Kingdom [December 7-8, 2023]
15. Advancements and Security Issues of IoT & Cyber Physical Systems
2017 International Conference on Smart Computing & Communications (ICSCC)
National Institute of Technology, Kurukshetra, India [December 7-8, 2017]
16. Dynamic Resource Scaling in Cloud using Neural Network and Black Hole Algorithm
2016 Fifth International Conference on Eco-friendly Computing & Communication Systems (ICECCS)
National Institute of Technology, Bhopal, India [December 8-9, 2016]
17. Result Merging in Meta-search Engine using Genetic Algorithm
2015 International Conference on Computing, Communications & Automation (ICCCA)
Galgotias University, India [May 15-16, 2015]
18. GPU based Parallel Cooperative Particle Swarm Optimization using C-CUDA: A Case Study
2013 IEEE International Conference on Fuzzy Systems (FUZZ-IEEE)
Hyderabad International Convention Center (HICC), Hyderabad, India [July 7-10, 2013]

PROFESSIONAL MEMBERSHIPS

Senior Member

Institute of Electrical and Electronics Engineers (IEEE) [August 2012 - Present]

Member

IEEE Computational Intelligence Society	[December 2021 - Present]
Association for Computing Machinery (ACM)	[January 2021 - Present]
Machine Intelligence Research Labs (MIR Labs)	[July 2020 - Present]
IEEE Young Professionals	[January 2014 - Present]
IEEE Cloud Computing Community	[March 2013 - Present]
IEEE Communications Society	[January 2013 - December 2013]
IEEE SIGHT	[January 2021 - Present]

CONFERENCES/PROGRAMS ORGANIZED

1. *FDP on Scientific Writing and $\text{\LaTeX}$ for Research Publications* [Coordinator]
MANIT Bhopal, India 24/11/2025 - 28/11/2025
2. *First International Conference on Advances in Artificial Intelligence* [Program Chair]
Gulf Medical University, UAE & IIIT Bhopal, India 13/11/2025 - 14/11/2025
3. *STTP on $\text{\LaTeX}$ Programming for Technical Writing & Presentation* [Coordinator]
MANIT Bhopal, India 07/07/2025 - 11/07/2025
4. *7th Intl. Conf. on Recent Trends in Image Processing and Pattern Recognition* [Program Chair]
IIIT Bhopal, India & MANIT Bhopal, India 19/12/2024 - 20/12/2024
5. *Special Session on “Advanced Data Science and Machine Learning in Cutting-Edge Applications with Security Measures,” 3rd International Conference on Advanced Communication and Intelligent Systems* [Session Chair]
Jawaharlal Nehru University, India 2024
Session Chairs: Anil Kumar Sagar, Jitendra Kumar
6. *Special Session on “Cyber Medical System: Personalized Healthcare,” 6th International Conference on Recent Trends in Image Processing and Pattern Recognition* [Session Chair]
University of Derby, United Kingdom 07/12/2023 - 08/12/2023
Session Chairs: Jitendra Kumar, Ashutosh Kumar Singh, Chung-Nan Lee

VOLUNTEER ACTIVITIES

1. Sixth International Conference on Smart Computing and Communication (ICSCC-2017)
2. National IT Challenge for Youth with Disabilities 2016

COMPETITIONS PARTICIPATED

1. DExtreme, 6.0 IEEE Xtreme Programming Competition 2012
2. Quantos, 11.0 IEEE Xtreme Programming Competition 2017
